We saw somewhere the other day the following:

"Everything seems based on speed.

To save time we don't need."

We go "further faster, higher hotter, deeper darker" if that be possible.

Everytime somebody makes a new speed, depth or height record, we are impressed, but are led to wonder: "How much of this can people take?"

There was a psychiatrist on a TV show the other night, describing how people should adjust to their problems and pressures. This particular psychiatrist was one of some 500 in Beverly Hills, hometown of movie stars.

Before being introduced, the psychiatrist was noted to office in a block where some fantastic number of her profession also had offices.

She, (she was a woman psychiatrist) described the difficulties of actors having to live up to the public image their success created. Then, she said, the conflicts and raveled emotions come forth.

It is part of the pace of the world we live in. We're so busy outdoing ourselves or living up to our impression of what we believe people think of us that we can't cope with the situation.

This is bad syntax, isn't it? Perhaps it is better to say that the pace is faster than the people setting it.

And -- "Old farmers feel corns more than oats."

Or -- "People like tea bags--they not know own strength until in hot water."

Finally, some advice for column writers: "Less better to be glib than to perceive."

Business As Usual

Council Meets

The City Council Tuesday went on to regular business after reviewing election returns on the meters and four city officials up for re-election.

Reports on City Water Dept. and Public Works projects included:

--Completion of drainage work in Culpepper Addition.

--Installation of 800 feet of sewerline on North Crockett and a lift station well.

--Leveling and clearing Negro Ball Park

--Oiling Milam Avenue from 4th to 6th Streets and College Avenue from Main to Batte Street.

The Council approved a sewer extension on North Washington and heard Public Works Supt. J. B. Earle report that plans on E. Seventh St. are nearing completion for either a 36 - foot or 40 - foot width street.

And the Council heard a petition from residents in the 2000 block of North Cleveland and North Harding and E. 20th St. seeking paving and curbing estimates.

The Council Airport Committee recommended that the Council authorize Mayor Duncum to write Harry Rogers, City Airport leasee, to seek his co - operation in keeping cattle off the runway.

And the Council will meet in a special meeting April 12 to review work done by attorney Jack Prescott in recodifying city ordinances, bringing them up to date. Prescott requested the special session to review the rewriting project.

Mayor Coleman Duncum thanked the Council for their co - operation during the past two years and said "it was a pleasure to know we can work together and accomplish things."

He commended the Council for their work and backing given him during the past two years.

Councilman Roy Griffith, re - elected to a 11th term, became the most senior councilman in Cameron history when he took the oath of office with Sam Houston and Starrett Hickman Tuesday.

They were sworn in by City-Atty. Charles Smith, Jr.

MAYOR, THREE COUNCILMEN RE - ELECTED

A rather heavy turnout of voters Tuesday favored removal of meters --- 347 to 270 -- and the City Council stopped enforcement of meters Wednesday.

Mayor Coleman Duncum and three councilmen -- veteran Roy Griffith, Sam Houston and Starrett Hickman -- were re - elected in their unopposed races. They were sworn in for new terms at the end of the reguar meeting.

The issue that brought voters out was the meters.

The election Tuesday reversed a Cameron vote in 1957 when Cameronites balloted 4 to 1 against removal.

Councilmen and Mayor Duncum were surprised at the outcome of the election and noted that immediate cutbacks in street improvements would result.

Meter revenue nets about $5,000 Mayor Duncum and other councilmen said.

The Council vote went:
Mayor Duncum: 563 votes
Griffith, Place 1: 544
Houston, Place 2 541
Hickman, Pace 3: 563 (unexpired term)

The Council voted to stop meter enforcement immediately after election results were tabulated.

A total of 617 votes were counted in the meter balloting and some 40 were mutilated. Voting for the Council was on a separate ballot.

Mayor Duncum instructed Public Works Supt. J. B. Earle to start removing meter heads as soon as storage space was available.

Immediate impact of the election was to eliminate a $200-a-month meterman's job and average net meter revenue of about $400 monthly.

METER REVENUE

The March City Report showed the following for meter revenue: $559.90 gross income, including; Meter money, $550.40; monthly parking stickers, $90; and meter fines, $59.50.

So net meter income was just under $400 per month not counting any meter repair costs.

Councilmen said March was a light month and that receipts have run as high as $700 during the past year.

Mayor Duncum told Earle that approximately $2,500 would have to be cut from the current 1962 city budget since there are about six months remaining until the new budget year.

He expressed regret over losing the meter income saying "we were getting a good street program underway."

Members of a Downtown Merchants group saw the election as a vindication of their efforts to get meters removed. About 20 downtown merchants urged permanent removal in November, 1961. The City was petitioned for the April vote and granted it.

One Councilman said the mayor of Rockdale had indicated that people there are pushing for meters to be replaced in downtown Rockdale.

Murder, Assault Charged

Shooting Leaves One Dead

An argument in the middle of a Cameron street early Saturday ended in the gunshot death of a Cameron Negro and the wounding of another.

Charged with murder and assault with intent to murder is Pvt. Joe Kellough, 24, of Btry A, 6th Artillery, Fort Hood.

Charged with illegal possession of a firearm is Kellough's companion, Pvt. Willie Lee Andrews Hawkins, 24, of the same Fort Hood unit.

Both men are in Milam County Jail. Bond was set at $7,000 for Pvt. Kellough and $1,000 for Pvt. Hawkins.

Dorothy Lemmons, 26, of 705 North Scott, has paid a $100 fine and court costs in County Court upon pleading guilty to illegal possession of a firearm.

STREET SCENE

The trio figured in a bizarre scene in front of Miss Lemmons house on Scott Street that ended in the death of Willie Samuel Swain, 21, of 1102 W. 10th St.

His friend, Robert Lee Milton, 37, of Rt. 1, Milano, is recovering in Newton Hospital from a gunshot wound in the neck.

Police Chief Elvin Hoskins said the two Fort Hood soldiers were arrested in Killeen by authorities there after Swain told Cameron police before he died who shot him.

Swain and Milton were rushed to the hospital where Hoskins talked to the victim before he died three hours after the shooting.

Hoskins said Kellough and Hawkins drove back toward Killeen after the incident. The Cameron police chief and State Trooper Jack Straley went after them.

Hoskins reconstructs this story:

An arguement started at the Wagon Wheel, on W. Fourth St., between Milton and Miss Lemmons. Hoskins said they were asked to leave.

Then Miss Lemmons and Pvts. Kellough and Hawkins walked north on Scott Street to her house. Swain and Milton approached in Milton's car.

ARGUMENT RESUMES

The argument apparently resumed between Milton and Miss Lemmons. Pvt. Hawkins had the gun belonging to the Negro woman, at the time, Hoskins said.

Said Hoskins quoting Swain: "Kellough told Hawkins if he didn't have nerve enough to shoot them (Swain and Milton), then to give him (Kellough) the gun and he would."

Then two shots were fired from a 22 - cal., seven - shot revolver. Swain fell, shot in the stomach. Milton was grazed in the neck.

Both men were rushed to the hospital where Swain died about 4:20 a. m.

Killeen police intercepted the two soldiers in their 1957 Plymouth and held them for the Cameron authorities.

Field Day Held At McGregor

By J. D. Moore
Milam County Agent

A special beef cattle field day was held at the Texas Agricultural Exteriment Station in McGregor March 29. An inspection tour of the cattle and research facilities was conducted with Staff members on hand to answer questions.

During the morning, a number of high quality, station - owned bulls were offered for sale on a first come, first serve basis. They included Hereford, Charbray, Angus and Brahman breeds. All bulls offered for sale were gain tested and equaled or exceeded Performance Registry International requirements of 2.6 pounds per day over a 140 - day feed lot test. Test show that some cattle will gain only 1.5 pounds per day when fed the same feed in the same lot.

Local cattlemen are advised to use the information available from studies at McGregor. Considerable information is available concerning the work on the various crossing of cattle breeds. Prices of the tested sale bulls ran from $375 to $650.

COTTON REPORT

Trading in the southwestern market was limited. Spot prices were steady. Shipper demand was slow and selective. Domestic and foreign interest was slightly improved. Mild, clear weather prevailed. Planting in the Valley was about complete. The Coastal Bend area needed moisture.

Middling 1" cotton prices were unchanged from a week ago, quoted Thursday, March 29, at 33.50 cents in Dallas, 33.40 cents in Galveston, 33.25 cents in Houston and 33.00 cents in Lubbock. Prices a year ago were Dallas 31.00 cents, Galveston 31.13 cents, Houston 31.00 cents and Lubbock 30.65 cents. Activity in the spot markets was seasonally slow. The limited shipper buying was confined strictly to the qualities needed for present commitments. Purchases were small in volume and mainly of Middling and lower White and Light Spotted grades in 1" and shorter staples of good character. Most of the offerings were shipper owned and prices curtailed some sales. There was little, if any, demand for off quality cotton.

Cool, clear weather prevailed generally this week. Land and seedbed preparation is in excellent condition. Surface moisture is scarce in most of the Area. Scattered showers fell in the eastern counties during the past weekend but no moisture of any material benefit was reported in other sections. The Valley crop is about all planted or replanted and about 400,000 acres up to a good stand. Cool temperatures were not conducive to good plant growth. Insects and worm infestations are below normal but control measures were being applied when warranted. In the Coastal Bend area about 70 to 90 per cent of the crop was in the ground. Surface moisture was scarce and a good rain was badly needed. Planting was beginning to move upstate but was slow due to cool wather. There were a few fields planted in the Dallas area according to reports.

RESEARCH FACILITIES

New research facilities to be used for developing better methods of boll weevil control were dedicated at Mississippi State University on March 22. The laboratory will be the center for a concerted effort against the cotton pest by U. S. Department of Agriculture and cooperating state experiment stations.

Milam ASCS Report

By Milam County ASCS

Many have asked the question -- "How would nuclear attack affect rural areas and what would it do to us?"

The answer to this question cannot be made in a few words. An enemy attack undoubtedly would be directed against our military installations and large industrial centers, which would almost immediately suffer from varying degrees of blast, heat and initial radiation. However, the 300 locations usually considered as the most likely targets comprise less than 7 per cent of the total land areas of our country. The remaining 93 per cent, with more than ninety million population, are considered non - target areas and probably would need protection only from radioactive fallout.

Fallout is created when a bomb explodes close to the ground. Thousands of tons of earth and other materials are lifted and carried aloft into the mushroom cloud, there to mix with radioactive debris from the bomb. This becomes radioactive dust, which is carried by upper winds until it settles back to earth. Probably 50 per cent of this radioactive dust would "fall out" within the first 12 hours or so, the rest descending more gradually unless washed out by rain. Most of these radioactive elements lose their strength quickly, the "rule of thumb" on decay rates being that for each seven-fold increase in time, the radiation decays by a factor of ten. For instance, if there is a rate of 1000 roentgens per hour at one hour after explosion, it will decay at a rate of 100 roentgnes per hour in seven hours and be down to 10 roentgens per hour in 40 hours.

The above is the type of information that is being collected by the USDA Milam County Defense Board composed of Alva E. Sanders of ASCS, J. D. Moore of CES, W. F. Saage of SCS and Henry N. Ivey of FHA. This board is making every attempt to pass this information on to the general public by radio and through this newspaper. Every individual, and farmers in particular, are requested to read, listen and apply it in practice now. Now is the time to prepare for enemy attack -- after attack will be too late. Farmers will be responsible for providing the food for everyone, so any plans that can be made now will be to everyone's advantage.

Grain Program

Sign - Up, April 16

News has been received in the Milam Coutny Agricultural Stablization and Conservation Committee office that official sign up period for the 1962 Feed Grain Program has been extended through April 16.

Feed Grain farmers who have not yet signed up for the program will now have a chance to give this program more thought and time to take the necessary steps for participation in the 1962 feed grain program.

The cast includes Verlene Cochran of Rt. 1, Buckholts, a Yoe graduate and James Newton of Rockdale.

PINE FENCE POSTS

Texas farmers and ranchmen who need fence posts and have pine woodlands available may find it profitable to use pine posts treated with a wood preservative. Bill Smith, extension forester, says the useful life of such posts can be greatly lengthened by the cold-soak preservation method.

NEW SIZE DODGE DART!

Dodge Dart 440 2-Door Hardtop

NEW LOW PRICE

Some new automobiles are just too darn big to drive with any feeling of confidence. There's a couple of feet of useless overhang that doesn't seem to do anything except get in your way.

Then you try loading your family and your goods in a compact and you've got another kind of trouble. Too little room and not enough muscle in the engine department.

What's a man to do? Try out the new size Dodge Dart. It's a totally new kind of Dodge. An automobile without excess overhang and bulky nonsense. It's two feet bigger than America's smallest automobile . . . and two feet shorter than America's longest. Sized right in the middle of the big and little.

You get exceptional maneuverability, parkability without giving up interior room. You get handling that's astoundingly easy and firm. You get the most powerful standard six engine in the business. Or, a standard V8 that develops more horsepower and torque than anything near Dart's size or price. And that's just the half of it.

The body is rustproofed. The brakes adjust themselves. You go 32,000 miles between grease jobs. The Dart 440 has full carpeting, vinyl upholstery (in hardtop models), and a fold-down center armrest up front.

Yes sir, you're going to like what's happened to Dodge. Go see the new size Dodge Dart at your dependable Dodge Dealer.

Murray-Go-Round

By Tom Murray

ONCE UPON A NIGHTMARE:

'Twas that time of the year, again -- that frenzied race for Texas' premium football talent. Like spring showers bring April you-know-what, this annual talkathon produces the year's most prolific lie, to wit:

"Now, son," drawls the Southwest Conference coach, "an old country boy like you got no business going to that high - falutin', party school at 'Too - Tall U.'

"You will be as out of place as a hog with hip pockets," continues this sooth - sayer in sweatsuit. "And, besides, they don't really need or want you up there. They just want to get you up there so they can control you.

"In fact, they have all - Americans carrying water. You better come on up here to our old country school where we just have a good time and where there will be no competition ..... and besides we won't insist you study."

Fantastic? Ask any SWC player and odds are he will verify the preceding dialogue, with embellishment.

Any body needs prompting on the identity of "Too - Tall - U."?

REFS CHANGE STRIPE SHIRTS?

A refreshing quote, noted by the Houston Post's Jack Gallagher was Former Baylor Basketball Coach Bill Henderson's saying he's just as soon have a crooked official shaving points as one 'evening' up fouls at game's end, "just to keep from being blackballed by the losing coach,"

How many times have we seen that happen! Anybody who thinks there have not been shenanigans going on, hasn't been watching Southwest Conference basketball.

Top Candidates Expected Sat. At Republican Picnic

Milam County Republican Party leaders were completing arrangements at mid - week for holding a political picnic for party members and other conservatives on Saturday, April 7.

The picnic, intended both as a fund - raising and a get - acquainted measure, will be held at the Methodist Church Fellowship Hall here in Cameron from 11 a. m. to 4 p. m. Saturday, Jack W. Tumlinson, GOP county chairman reported.

"Since we have no local candidates for office this year, this is the manner in which we will raise funds for our political activities," he said. "We thought, too, it would help local Republicans to meet some of the party's statewide candidates."

"We can promise plenty of eats as well as politics, though," he added. He said the food will be served buffet style and there will be several kinds of sandwiches and other food and coffee, tea and soft drinks.

Tickets for the picnic went on sale last week and GOP leaders were well pleased by the way they were selling. Tickets are $3.00 a plate. Tumlinson said they could be purchased by writing or contacting him at P. O. Box 5, Cameron, or the party's picnic chairman, James E. Luckey, Rt. 1.

"We would appreciate it if tickets were bought or reservations made not later than Friday," he said.

Tumlinson was unable at press-time to announce the names of candidates expected to be present.

Cameron Women In Austin Tournament

Several Cameron women placed high in the recent golf tournament in Austin.

Golf Tournament Scheduled For Sunday In Hearne

HEARNE — The ninth annual Hearne Invitational Golf Tournament, a blind bogety event, will be held Sunday April 8, at the Hearne Municipal Golf Course, according to George F. Smith, president of the Hearne Golfers Association.

More than $800.00 in awards will be offered in the five flights of 18 holes each. Winner of the championship flight will receive a set of First Flight Irons; all other flights will receive a set of 4 Macgregor Tourney Woods, second prize will be a dozen golf balls in each flight. Medalist will win a Trophy.

A pitching and driving contest will also be held with awards going to the winners.

The tournament will begin at daybreak and no contestants will be allowed to tee off after 1 p. m. Entry fee will be $6.00. Tournament round may be played on Saturday with alternate course available on Sunday.

Free barbecue chicken and drinks will be served Sunday to all entries. The public is invited to attend the barbecue.

Murray Watson

Murray Watson Seeking Election To State Senate

State Representative Murray Watson of McLennan County, announced he would be a candidate for State Senator from Bell, Milam and McLennan Counties. Representative Watson has been considered an almost sure candidate for several months for the Senate post now held by Jarrard Secrest of Temple who has announced for Lieutenant Governor.

Many citizens of the district have urged Representative Watson to seek the office.

Murray Watson has represented McLennan County, Place 3, in the Legislature for the past six years. He is considered to be conservative on taxing and spending matters, yet he has been recognized as a Legislator who has conscientiously worked to get adequate appropriations for worthy state governmental projects.

Business groups in the district have been particularly pleased with Representative Watson's attention to their problems, especially small businessmen. The laboring man and farmer have honored him on several occasions for his work in behalf of their legislation.

Watson was first elected to the Legislature in 1956, and has been consistently re - elected to that office by large majorities in each election. He has served on the major committees in the House of Representatives and during the session in 1961 was Chairman of the important Insurance Committee. He was also a member of the powerful State Affairs Committee and served on Rules, Municipal and Private Corporation and Revenue and Taxation Committees. No other member of the House of Representatives had such important committee assignments.

Watson has just been named to the Legislative Council, an interim study group of Legislators by Speaker James A. Turman. He was appointed Chairman of the cub - committee to study Utility Rates in Texas by Acting Lieutenant Governor Bruce Reagan, and a member of four other study groups, one of which is a study of the Small Loan Problem.

Watson has made an outstanding record in the field of legislation dealing with water conservation, public schools, Judicial matters, old age assistance, law enforcement, traffic safety, vocational rehabilitation and agriculture. He secured the passage of several bills directly benefiting the Waco State Home, City of Waco, Waco Independent School District, Brazos River Authority and the McLennan County Farm Bureau.

Watson is a graduate of the Mart public schools, earned both a BBA Degree in Accounting and LLB Degree in Law from Baylor University. He belongs to numerous social, civic and fraternal organizations in Waco and Mart. Watson is active in Church affairs, having served on the Board of Stewards of the Austin Avenue Methodist Church in Waco.

Representative Watson is a lifelong resident of McLennan County. He is married to the former Greta Warren, also a graduate of Baylor University. He is the son of Mr. and Mrs. Murray Watson Sr., of Mart and the grandson of Mrs. Effie Watson of Mart and the late Ruff Watson, pioneer central Texans. The Watson name has been connected with agriculture in this area for over half a century. He has been associated with his father in the feed, seed, and grain business in Mart. He practices law in Mart and Waco and served as Professor of Business Law at Baylor University.

Representative Watson stated that his formal announcement and plateform would be made at a later date. Watson said: "I am grateful for the unfailing support the people of my legislative district have given me and it is my desire to be of further service to you by asking promotion to the State Senate. I have represented all the people to the best of my ability and feel they are familiar with me and my record. I shall make every effort to campaign with each citizen and community in this district.

It is my thought that the people desire their State Senator to be one who is familiar with the needs of the people of Central Texas and one who will devote his time to their problems. If elected your State Senator, I will continue to advocate honesty, efficiency and economy in our state government. Please feel free to call upon me whenever I may be of service to you."

Mrs. Dale Hugh Smith

Kay Harris, Dale Smith Married Here Recently

Miss Patricia Kay Harris and Dale Hugh Smith were united in marriage March 17 at 6:30 p. m. in the First Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Elzy Harris of Cameron and the groom is the son of Mr. and Mrs. Hugh Smith, also of Cameron.

The Rev. Eugene Strickland performed the candlelight ceremony White gladiola baskets and brass candelabra tapers decorated the altar. Ladis Marek Jr. of Cameron furnished wedding music.

Given in marriage by her father the bride wore a white full length dress of bridal satin trimmed with lace and seed pearls, featuring a scoop neckline with a chapel train. She had lace mits and wore pearl earrings, a gift of the groom. Her veil was of illusion and fell from a pearl and sequine crown. Her bouquet featured feathered carnations and was centered with a white orchid atop a white bible.

Mrs. Marvin Junek of Cameron was Matron of Honor. She wore a green cotton satin, street length dress with matching pillbox and carried a cascade bouquet of pink carnations.

Bridesmaids were Carolyn Slavik and Alice Clark both of Cameron. They were dressed identically to that of the Matron of honor.

Holis Smith of Waco was Bestman. Groomsmen were Bobby Stanislaw of Cameron and Jack McCollum of Waco. Charles McGregor and Stanley Fisher were groomsmen.

The brides mother wore a beige dress with matching accessories. Mrs. Smith was attired in blue silk with black accessories. Both wore white feathered carnation corsages.

The reception was held in the fellowship hall following the ceremony. Mrs. H. F. Williams registered guests.

The brides table was covered with a white satin cloth and held a four tiered wedding cake topped with bride and groom. Bridesmaids bouquets formed the centerpiece.

Serving in the houseparty were LaNell Rogers, Linda Kay Kemp and Peggy Mullinax.

For a honeymoon to Houston the bride chose a two piece yellow linen suit with black accessories. The couple will make their home at 601 West Second in Cameron. The bride will finish her high school education this year at Yoe High. The groom, a Yoe High graduate, is presently employed at Citizens National Bank.

Mrs. Kenneth Allen Marek

Swanzy, Marek Vows Read In Saturday Rites

Miss Sharon Diane Swanzy of Austin, daughter of Mr. and Mrs. A. T. Swanzy of Burlington became the bride of Kenneth Allen Marek, of Austin. Marek is the son of Mr. and Mrs. Ervin Marek also of Burlington.

The Rev. Frank Simcik performed the double ring ceremony from the Ocker Brethren Church in Zabcikville March 31. Miss Carol Marek of Zabcikville furnished traditional wedding music while Bill Sweet of Hearne, uncle of the bride, was soloist.

The altar was flanked with baskets of white gladiola and greenery.

Given in marriage by her father, the bride wore a formal length bridal dress of silk organza and lace. The sweetheart neckline and three quarter length sleeves were accented with a lace panel skirt of taffeta and organa. Her bouquet was of white carnations centered with an orchid. Her jewelry was a diamond drop necklace, gift of the groom.

Mrs. Larry Freeman of Austin cousin of the bride was matron of honor. Bridesmaid was Miss Latricia Marek, Temple, cousin of the groom. The were attired in emerald green featuring fitted bodice necklines. Skirts were bell shaped. Their headpieces were made of green flowers and net. Bouquets carried were white carnations trimmed in green.

Bestman was Daniel Lesikar of Zabcikville. Ushers were Allen Bedrich of Zabcikville, Carrol Wayne Glaser of Temple and Richard Glaser of Buckholts, both cousins of the groom.

A reception followed in the Ocker Church recreation building. The table was centered with a wedding cake, flanked by crystal and silver appointments.

Houseparty members were Miss Rita Vessels of Cameron, Miss Sarah Jo Futschik of Austin, Mrs. Eugene Hoff, Miss Frances Dorner of Burlington and Miss Judith Schiller of Austin.

For the wedding trip the bride chose a green dress and jacket with black accessories and the orchid corsage from her bouquet.

The couple will reside at 1205 Alta Vista in Austin where both are employed. They are both 1960 graduates of Yoe High School and attended Durham's Business School in Austin.

Three Arts Club

Heritage Emphasised At 'Political Rally'

A "political rally" Thursday afternoon continued the Three Arts Club American Heritage theme emphasizing the individual citizens role in politics. Co - hostesses for the program were Mrs. E. O. Smith Jr. and Mrs. Charles Zeigler.

Flags, posters, streamers and a red, white and blue decorated speakers platform set the stage for the rally on the lawn of the Smith home.

American antiques were displayed on tables in around the yard and on the serving table which was convered with a red and white cloth and centered with an arrangement of greenery in an antique planter. Coffee was served from an antique brass coffee server. A Federal Eagle emblem decorated the wall behind the serving table.

A gubernatorial refreshment table held an antique chrun filled with pickles and a large apothecary jar of crackers.

County Judge Don Humble guest speaker for the rally, challenged citizens to participate in politics or lose their control of the government. He outlined the responsibility of the individual, regardless of party, in forming their parties platform and nominating candidates for office beginning at the precinct level.

Judge Humble was introduced by Mrs. Carroll Green.

Meters Out . . . Other Problems Awaiting

Cameron voted out parking meters, 347 to 270 Tuesday.

And the groups seeking removal of the meters have prevailed. In 1957, Cameron voters rejected removal of the meters by a 4 to 1 margin.

For the time, meter removal eliminates one of the reasons for complaint about business in downtown Cameron.

We hope that more attention will now be paid to solving other basic problems in the community for improved business conditions and customer relations.

A full measure of co-operation will be necessary to avoid the parking problems that develop when no parking meters exist. In Rockdale, the Chamber of Commerce has repeatedly urged employees and businessmen to park out of the downtown parking zones.

Parking is only one of a small town's modern business problems. Merchandising, customer relations, modern salesmanship are among others.

This is the age of good salesmanship, not just "hard sell." This is the age of the buyer's market, not the seller's. Business has to be sought, not expected.

Whether to have meters or not does not solve those problems. Point-of-sale salesmanship and community pride in good merchandising will.

Drive Deserves Stockmen's Support

A highly commendable program among Milam Cattle producers is nearing completion, that of contributing to a state-wide drive for the elimination of Screwworm and Brucellosis.

About $6,000 has been contributed thus far to Milam's share of the program. It will go into the Southwest Animal Health Research Foundation program for a broad-based attack on the two serious cattle diseases.

The state of Florida has already eliminated the screwworm problem by releasing millions of sterile male flies and eliminating reproduction of the deadly screwworm. Texas can do the same.

Goal for Milam County is $7,500. And when petitions bearing signatures of 75 per cent of the cattle owners having 51 per cent of the cattle are complete, the program can be instituted here.

With Milam County one of the top beef producers in Texas, it is an admirable program for cattlemen to support. County Chairman John Batte has listed community chairmen who will accept contributions for the program. Won't the cattlemen of this area assure completion of this drive and the beginning of the end of one of the cattle industry's worst problems?

Traffic Safety Bills Lacking

By Vern Sanford

AUSTIN — At a joint meeting of the Governor's Highway Safety conference and the Texas Safety Association, Gov. Price Daniel said that good traffic safety legislation still is lacking because citizens "have never taken enough time and trouble to tell their legislators exactly what they want."

He said that five bills which have failed to pass will be introduced in the January session, "regardless of the identity of your next governor." These concern:

1. State financing to pay the salaries of driver - education teachers in public schools.

2. Complete revision of the driver - licensing law.

3. A chemical test law for use in cases of driving while intoxicated -- designed to free the innocent and provide medical evidence against the guilty.

4. Adequate city and county traffic courts of record to handle traffic cases with efficiency and justice.

5. Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature lately approved 51 additional highway patrolmen, a $300 increase in pay and set a floor of $4,917 annual salary, the governor reported the patrol still is 150 men short of its authorized strength of 804. He feels the pay hike was insufficient.

VOTERS LIST

Comptroller Bob Calvert added up the poll taxes and exemptions sent in by the counties and found 2,335,159 Texans qualified to vote.

This is an increase of 300,000 from 1958, the last non - presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record is 1960 with 2,599,924 Texans qualified to vote.

TEACHERS QUIZZED

Texas school teachers are pretty good at answering their examinations.

Texas Education Agency sent out questionnaires to about 95,000 school people. They expected a 30 per cent return but 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training.

Results will be fed through computers to give lawmakers an idea of what school people think about the way public schools are run and how teachers are trained.

WATER LOANS HIT

The state will borrow another $15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects.

Texas Water Development Board has the authority to borrow up to $100,000,000 for this purpose.

Its first bond issue of $10,000,000 is nearly used up in four loans. So another $15,000,000 worth of bonds will be sold.

Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will get a $15,500,000 loan over the next four years.

PADRE STUDY

Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government.

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area, if any at all.

DAIRY BUSINESS

Culling unprofitable dairy cows is always good business. Now is an especially good time, point out Texas extension dairy specialists, because the market for cull cows is favorable and the surplus milk production season is just ahead.

LITTLE RIVER PHILOSOPHER

Philosopher Says Supreme Court Decision Relieves Rural Areas Of All Future Blame

Dear editar:

This thing is a little complicated, but as I understand it, Congressional districts are supposed to shift when the population does, so one district with a few thousand voters won't have the same voice in Congress as a district with a million voters has, or something like that, and the Supreme Court has ruled that if a state won't re - district when its population shifts, the people can sue and the Federal government has a right to make it re - district.

I don't think I've made this very clear, which is understandable since it's not clear to me, it's sort of like a psychologist with an IQ of 99 trying to measure the IQ of somebody who possibly has 140, but what it boils down to is that the experts are now saying that the Supreme Court ruling will mean that the balance of power in this country will shift from the rural areas to the metropolitan areas.

A lot of people regret this, but I would like to say, as a man from a rural area and it's harder to get much more rural than this Johnson grass farm -- that the decision suits me fine.

The shape the world's in today, I don't want anybody pinning the blame on us country folks.

I say, let's get all the states redistricted as soon as possible and let the city people try running things for a while. I don't say they can do it any better, not judging from the way the average city operates with one headache after another, but when it's impossible to run something successfully, my policy is to let somebody else get the blame for the failure.

Agriculture for example might be in the same shape, with or without a Washington farm program, but it a lot handier to have Washington to point your finger at, than to have to point at yourself.

When a problem gets too big for anybody to handle, then's the time to duck out and let another man take over. As far as I'm concerned, I yield to you town folks.

Yours faithfully,
J. A.

Ford Plant To Go On Overtime

Demand for 1962 models is so great that the Dallas Assembly plant of Ford Motor Co. will go into an overtime production schedule Monday.

H. C. Sullivan, (plant manager,) said the plant will operate on a 50 - hour weekly schedule of five 10-hour days.

The plant here produces Ford Galaxie cars, convertibles, station wagons and small trucks.

Ford workers here have been on a normal 40-hour production schedule since mid-February. Earlier, it had been on overtime during the introductory period for 1962 models.

There are 1,450 workers at the Dallas Ford plant. About 1,200 of them are hourly-paid employees who will begin drawing overtime pay next week.

A plant spokesman said the others are salaried employees who also may be placed on an overtime schedule.

The Ford rush is part of a booming demand for 1962 models throughout the industry as a whole, a spokesman said.

Drop by and see Why FORD outsells them all.

A Lesson in Science?

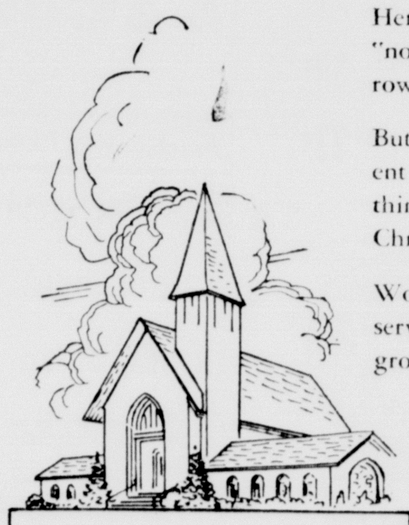
Yes, and more.

The teacher explains to the Junior Hi class how water in the can may be turned into steam and released in such way that only a vacuum — a "nothingness" — remains inside the can. This "nothingness" cannot resist the heavy pressure of the outside air. The result? The can is twisted and crushed.

Here, too, is a parable of life. Man's wisdom and moral strength alone are as "nothingness" under the heavy pressures of life. Burdens, temptations, sin, sorrow weigh heavily, and *more heavily still*, until life is crushed beneath the weight.

But there is an "answer" to man's needs; a strength for every day; "a very present help in time of trouble"; a power of resistance; a "song in the night". These things, and more than these, are found in a Person; and that Person is Jesus Christ. *"Christ in you,* the hope of glory", is the way the apostle Paul stated it.

Would you like to know more of this wonderful Person? As you attend church services you will hear more and more about Him. It is the story that "never grows old" — the story of His redeeming love.



"Other foundation can no man lay than that is laid, which is Jesus Christ" *1 Corinthians* 3:11.

Round - Up For School Children Set In Rogers

ROGERS — The annual preschool round - up for children who will be coming into the Rogers Elementary School in the first grade in September 1962, will be held at the Elementary school on Tuesday, April 10 at 1:30 p. m. according to Darwin Schwertner, principal and Mrs. Darrell Henson, Round - Up chairman for the PTA.

The Round - Up which is more for the benefit of parents than for the children, will run from 1:30 to 3 p. m. The Future Homemakers of America will provide a nursery for children ages up to five, in order for the mother and new 6-year olds to give full attention to the Round - Up.

Those taking part in this orientation program for parents will be Schwertner and Mrs. Henson, Supt. B. F. Harbour who will give a welcome; Mrs. Marjorie Hunt, Nurse; Mrs. W. W. Chervenka, PTA Helath Chairman; Mrs. Bessie Arthur, County Supervisor; Mrs Anna Jahns, first grade teacher; Mrs. Floyd Frits, PTA President.

Since the "shots" have been discontinued at school by the County Health Department, there will be no immunizations at the Round-Up this year, nor any physical examinations given.

The new six - year olds will be invited to visit school, a few at a time, by Schwertner and the primary teachers, at some other date this spring. April 10 will not be a visitation day as such.

A film for parents is planned as a part of the program for Round-Up day.

Rogers High FHA Names Officers

ROGERS—The Rogers High School Chapter of the Future Homemakers of America met this week in the monthly meeting with the president, Molly Ann Gunter in charge. The President read the opening ritual. The election of delegates to the State Meeting in Dallas was ine of the highlights of the meeting. The delegates will be: the current president, Virginia Rae and Karen Kovar.

The other highlight of the meeting was the election of Chapter officers for 1962-63 who are as follows:

President Margaret Pechel; 1st vice president, Barbara Biskup; 2nd vice president, Virginia Rae; 3rd vice president, Janet Cabla, 4th vice president, Karen Kovar; 5th vice president, Geneva Cobb; secretary, Barbara Smith; treasurer, Carolyn Necas; Historian, Bonnie Farmer; Parliamentarian, Carolyn Jansky; Pianist, Rachel Green.

After the election of officers, Molly led in the closing ritual.

Self - Employed Reminded Of Tax

Durelle L. Allen, manager of the Texas Social Security Office, reminds farmers and other self-employed persons that payment of social security tax for 1961 is payable to the Internal Revenue Service by April 15, 1962. They must pay the self - employment tax if their net income is $400 or more. This tax is due even though no income tax may be due.

To insure that correct benefit payments can be made in the future, a self - employed person must accurately report the net earnings from his trade or business on a separate Schedule C (or a Schedule F if he operates a farm or ranch). These reports are filed with the Form 1040, individual income tax return.

If a farmer's net income was less than $400, but his gross was $600 or more, he may elect to pay on two - thirds of his gross and report up to $1200 for social security purposes.

Mr. Allen also stressed that farmers who have not paid self - employment tax in past years may wish to use this optional method now and pay the back taxes. The last opportunity to correct and report 1958 income under the optional method is April, 15, 1962.

An important item on the report for each self - employed person is his name and social security number exactly as they are shown on his social security card; otherwise, he may not receive credit for reported earnings.

Francis Cox to Judge In Houston

Francis Cox, Yoe High Band director, will be in Houston Saturday to serve as judge in the band contests sponsored by Region V, University Interscholastic League.

These contests will be held at Westbury High School and the Johnston Junior High School.

Cox has also judged a Solo and Ensemble contest, Region XVII, UIL, held in Austin Feb. 24 and a Band playing contest, Region XVII, UIL, held in San Marcos March 24.

LEGAL NOTICE —

THE STATE OF TEXAS,
COUNTY OF MILAM.
SHERIFF'S SALE

WHEREAS, on the 19th day of February, 1962, in Cause No. 3298, in the District Court of Milam County, Texas, wherein The State of Texas, Milam County and Thorndale Independent School District were Plaintiffs, recovered judgment against L. B. Fairchild and all unknown persons owning, having or claiming any interest or lien in the property described herein, if living, and if any or all of the above named Defendants be dead, the unknown heirs of each or all who may be dead; and the unknown heirs of the unknown heirs of said above named persons; and the executors, administrators, guardians, legal representatives, legatees and devisees of the above named persons, who own or claim some interest in the hereinafter described real property, which is situated in Milam County, are Defendents, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19th day of March, 1962, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by the virtue of siad judgment and said Order of Sale and the mandates thereof I did on the 28th day of March, 1962, seize and levy upon as the property of the above defendants the following described property, situated in Milam County, Texas, to - wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

"All those two certain tracts or parcels of land, lying and being situated in Milam County Texas, each tract being a part of the County, said two tracts being more fully described as follows, to-wit:

FIRST TRACT: Beginning on the west line of said Wiley Harrison survey at the S. W. corner of Lot. No. 3; Thence N. 71 E. 1573 vrs. to the east line of said Harrison survey; Thence S. 19 E. with said east line of said Harrison survey to the N. E. corner of the J. F. Watson tract; Thence S. 71 W. 1502 vrs. to H. F. Jordan's N. W. corner; Thence S. 19 E. to the south line of Lot No. 4 (in Webb's north line); Thence S. 71 W. with the north line of the Webb tract, to the west line of said Harrison survey; Thence N. 20 E. with the west line of said Harrison survey, to the place of beginning and containing 108 acres of land, more or less, and being all of lot No. 4, except 26 acres heretofore conveyed to J. F. Watson and H. F. Jordan.

SECOND TRACT: Beginning at the S. E. corner of the above described tract, in the east line of said Wiley Harrison survey; Thence S. 71 W. with the south line of said above described tract to the N. E. corner of a tract conveyed to H. F. Jordan by H. F. Snively; Thence S. 19 E. with said Jordan's east line to his S. E. corner; Thence N. 71 E. to the east line of said Harrison survey; Thence N. 19 W. with said E. line of said Harrison survey to the place of beginning, and containing 14 acres of land, more or less and being the same land conveyed to L. I. Wilson by deed recorded in Volume 121, Page 554, of the Deed Records of Milam County Texas, reference to which is hereby made for a full and complete description."

And I will on the first Tuesday in the month of May, 1962, THE SAME BEING THE 1st day of said month, proceed to sell all the right, title and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Cameron, Texas between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having the interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the defendants to have said property divided and sold in less divisions than the whole.

DATED at Cameron, Texas, this the 28th day of March, 1962.
Carl C. Black, Sheriff
Milam County, Texas.
